Log 202, 5rue Albert Thomas, 38100
Grenoble, France.

Overview

- Cable management ducts streamline organization and routing of cables within 19" rack-mounted setups for enhanced accessibility and maintenance.
- Crafted from durable plastic with a sturdy metal back plate, ensuring longevity and reliable cable support.
- Facilitates orderly arrangement of cables, reducing clutter and optimizing airflow within rack-mounted systems for improved performance.
- Aesthetically pleasing black color complements various rack configurations while maintaining a professional appearance.

Applications

- Data Centers
- Telecommunication Networks
- Server Rooms
- Broadcasting Studios
- Audiovisual Installations
- Industrial Control Rooms
